About the Corporate and Public Communication Program

CPC is located in the College of Applied Studies, on the FSU Panama City campus of Florida State University. Corporate communication encompasses a holistic approach to organizational communication. Corporate and Public Communication Graduate Admission Requirements

In addition to the university requirements, CPC program applicants must meet the program requirements listed below. FSU and the Corporate and Public Communication program applies a holistic approach (i.e., GPA, GRE scores, personal statement, letters of recommendation, writing sample, resume, and related experiences) to the application review process. Applicants that meet the following requirements will be considered for the program but are not guaranteed admission. When registering for the GRE, you must select a location code to send the scores to FSU. This code is 5219. Go to the [Educational Testing Service](#) website for more information.
 - Given COVID-19 (for fall 2022, spring 2023, and summer 2023) GRE scores will not be required. If students choose during this time to not include GRE scores, it is important to have strong GPAs to be considered for admission.
3. In your FSU application, applicants should submit a self-authored, original, personal statement addressing their interest and fit for this program. This statement will be evaluated for its style, clarity of purpose, organization, grammar, and development of ideas.

In the personal statement, all applicants should ensure an answer to at least these questions:

- Why have you chosen to apply to this master's program?

Examples can include a research paper from an undergraduate course (written by the applicant), professional report, executive summary as part of applied experience, project proposals, or other example of writing that applicants feel demonstrate their writing potential for success in graduate school.
 - We prefer this sample to be a sole-authored sample by the applicant, if an applicant wants to submit a co-authored sample, please include a description of your contributions to the sample.
